#OSINTSummit

1:30–4:20 PM ET  
6:30–9:20 PM UTC**In-Person & Streaming Virtually –  
Location: Jefferson Ballroom****Capture the Flag – Skull Games**

Join the Skull Games Task Force as we hunt sex predators. The Skull Games Task Force uses Open-Source Intelligence (OSINT) to IDENTIFY sex predators and their victims by creating leads that enable law enforcement to INTERDICT the cycle of abuse and EMPOWER survivors of trauma to pursue a life of hope, healing, and freedom.

We'll lead you through a guided hunt where sex predators become the prey. This event includes hunting guides from the Skull Games Team, OSINT professionals, Law Enforcement Officers, Private Investigators, and Survivors of sex trafficking that are now Expert Hunters.

The event will be fast paced, challenging, competitive, and rewarding. Even with the darkness of the crime, we keep things light, and you'll walk away feeling empowered and satisfied that you spent a few days hunting sex predators and protecting the vulnerable.

Other than your own computers and appropriate clothes to hunt in, we will provide you with everything you need.
